TALES

OF

SUMMER

Wander through fragrant, midsummer
meadows. Bask in golden sunlight,
scented with rose, rich warm lavender,
fresh from the farmer's field on down.
Every expression of Edinburgh Gin is
a tale of wonder, told through taste.
And in summer, shared with friends,
these tales take on a poetic life of
their own.

PROTECTING OUR FUTURE

While we respect the past, we also care about the future.

Our liquid waste is channelled in CO2-exposing reed beds and our solid waste is harvested for enough energy to power 354 homes each year.

Just like the gowans who visit our glen each winter, we harness the power of wind to help us reach our destination by ensuring all our electricity from turbines.

So with each sip of Glengoyne we take our glass to a greener future.

Glengoyne is part of the Macdonald Distillers.
